Christy Ganson, 410 N. LaFayette, addressed the board regarding a vicious dog attack she had in April. She said she and her son were walking on the sidewalk past the house at 401 N. Niles when 2 large dogs came running out to her, knocking her down and biting her. Her son was able to get her up and into the street away from the dogs. She was taken to the hospital for treatment and is still recovering from her injuries. She has accumulated \$3000.00 in medical bills while the owner of the dog only received a \$25.00 fine.

The board is aware of several other incidents of unleashed dogs running after people and their pets. They have instructed our attorney to write an ordinance against unleashed and vicious dogs with stronger rules, regulations and fines for anyone who does not follow this ordinance. They also agreed not to allow dogs in the village square during any and all events that take place. This ordinance should be presented at the next board meeting for review and approval. The board feels the most important issue

with this situation is the safety of our residents, especially children, who walk and ride bicycles in the streets and parks of our village.

Next, Bill Tyler of 419 N Tazewell and Mark McDannald of 320 N. Tazewell both spoke to the board about cars speeding down their streets. They are concerned about children that play in the area and asked the board to look into what could be done to try to rectify the problem.
